

Hid'n[®]

BY LA ROCHE

Story

As the word implies, Hid'n hides key elements for a piece of furniture. Eventually, these elements start to appear gradually until they are no longer hidden and become visible to the user along with its striking character. Practicality is key element of Hid'n furniture, and it's the reason why your admiration of a Hid'n unit keep growing the more you use it.

Behind young Hid'n lies 40 years of collective experience and know how in the furniture making. Sharing with La Roche the same pool of a talented team of engineers and technicians, great manufacturing facility, premium materials and quality philosophy, Hid'n is for a generation that wants to be different, breaking the tradition rules of typical furniture and looking for sporty, young, daring style and colors.

Hid'n furniture is built on the advanced production lines of La Roche. Only certified high grade materials are used and manufactured under strictest quality controls to guarantee a strong and durable product.

All Hid'n items are proudly designed and made in Egypt.
